

<b>Alabama EHR Meaningful Use Incentive Payment Program</b>	<b>Format for Vendor Letter Regarding Delay in 2014 CEHRT Availability</b>
---	--

Providers attesting under the Flexibility Rule in Program Year 2014 must submit a letter from their EHR vendor as additional supporting documentation for the inability to fully implement a 2014 edition CEHRT due to delays in availability. The letter must be included as an attestation attachment in the State Level Registry (SLR). Failure to include the vendor letter could delay or prevent approval of the attestation.

The vendor letter must include the following elements:

1. Be on the vendor's letterhead
2. The CEHRT name, version number and certification number
3. Identify the recipient of the 2014 edition CEHRT
4. Identify the location(s) where the 2014 CEHRT was installed and the dates of installation
5. Signature of an authorized vendor representative and date
