SECURITY RISK ANALYSIS COMPLIANCE FORM

This form is intended to be used by a Provider (an Eligible Professional (EP) or Eligible Hospital (EH)) as documentation in support of the Meaningful Use (MU) Measure for “Protect Patient Health Information”. Protecting “Patient Health Information (PHI)” includes conducting and/or reviewing a “risk analysis” of the Provider's or organization’s activities, policies and procedures for handling and maintaining the security of PHI. All responses included in this form are subject to verification during an on-site post-payment audit and any responses found to be inaccurate, unsupportable or false may result in a failure of the MU measure and recoupment of the incentive payment. (This form may be completed by an authorized staff person on behalf of the Provider.)
